## NOTES

1. Group profit attributable to shareholders for year 2008 of RM49.267 million is stated after charging to the income statement an amount of RM24.147 million for certain asset write-offs relating to the major renovation programme at Shangri-La Hotel Kuala Lumpur.
2. Dividends of RM26.268 million for the financial year ended 31 December 2008 consist of (a) the interim dividend of 3% per share less tax at 26% paid on 26 November 2008 amounting to RM9.768 million and (b) the proposed final dividend of 5% less tax at 25% amounting to RM16.500 million. The proposed final dividend of 5% less tax at 25% for the financial year ended 31 December 2008 is subject to shareholders' approval at the Annual General Meeting of the Company to be held on 21 May 2009.

## CHAIRMAN'S STATEMENT

*Dear Shareholders,*

IN 2008, THE GROUP REGISTERED A DECLINE IN EARNINGS OVER THE PREVIOUS FINANCIAL YEAR. THIS WAS LARGELY AS A CONSEQUENCE OF THE SIGNIFICANTLY REDUCED PERFORMANCE OF SHANGRI-LA HOTEL KUALA LUMPUR, WHICH WAS UNDER MAJOR RENOVATIONS THROUGH MOST OF 2008. THE HOTEL INEVITABLY SUFFERED SUBSTANTIAL SHORTFALLS IN OCCUPANCY LEVELS AND REVENUE DURING THE YEAR AS THE WORK RESULTED IN A MATERIAL REDUCTION IN THE NUMBER OF ROOMS AVAILABLE FOR SALE.

*Lobby Lounge, SHANGRI-LA HOTEL KUALA LUMPUR*

Coupled with this, the Group's earnings in 2008 were also affected by a significant charge of RM24.147 million to write-off certain fixed assets related to the hotel's major renovation programme.

Overall, the year saw unprecedented turbulence in the global economy and the financial markets. Indeed, our business environment became increasingly challenging in the latter part of 2008 with the deepening of the credit crisis and recessionary conditions in the global economy, leading to a sharp downturn in international travel and lower economic activity.

Our hotels and investment properties responded quickly to these challenges with increased sales and marketing efforts, and a rigorous programme of cost savings in all areas of operations.

Against this background, it is particularly pleasing to report that Rasa Ria Resort and Rasa Sayang Resort did well to achieve strong improvements in their operating results over 2007, and also the good performance from UBN Tower, our investment property in Kuala Lumpur.

## GROUP RESULTS

For the full year 2008, Group revenue increased to RM415.447 million compared with RM410.725 million in the year ended 31 December 2007. This growth came mainly from Rasa Ria Resort and Rasa Sayang Resort, and helped offset the large drop in revenue at Shangri-La Hotel Kuala Lumpur.

After taking into account the impact of the RM24.147 million charge for asset write-offs, the Group's profit before tax for the full year fell by 27% to RM71.474 million from RM98.406 million in 2007. Consequently, the profit attributable to shareholders in 2008 declined by 36% to RM49.267 million from RM77.242 million in 2007. Earnings per share for 2008 were 11.20 sen as compared with 17.56 sen the previous year.

Excluding the asset write-offs, the Group's attributable profit for 2008 would have decreased by 5% to RM73.414 million from RM77.242 million last year, while earnings per share would have been 16.69 sen against 17.56 sen in 2007.

At the end of 2008, the Group had shareholders' equity of RM739.322 million, an improvement of 2% over RM722.615 million at year-end 2007, due to the retained profit for the year. In tandem, the net asset value per share of the Group at 31 December 2008 increased to RM1.68 compared with RM1.64 at the end of the previous year.

The consolidated net debt of the Group at the close of 2008 amounted to RM154.319 million, up from RM140.596 million at the end of 2007, principally as a result of the additional borrowings taken on to finance the renovation programme at Shangri-La Hotel Kuala Lumpur. The Group's balance sheet and financial position remained healthy, with a net gearing ratio of 21% at end-December 2008 compared with 19% as at the prior year-end.

## DIVIDENDS

In the light of prevailing market conditions and the significant level of uncertainty facing our business, the Board of Directors therefore felt it prudent to reduce the full year dividend in respect of 2008, and is recommending a final dividend of 5% less tax. Together with the interim dividend of 3% less tax paid in November 2008, this will make a total dividend of 8% less tax for the financial year ended 31 December 2008, compared with a total dividend of 10% less tax for 2007.

The proposed final dividend, if approved at the Annual General Meeting to be held on 21 May 2009, will be paid to shareholders on 30 June 2009.

### PERFORMANCE REVIEW

As expected, performance at Shangri-La Hotel Kuala Lumpur reflected the disruptions caused by its major renovation programme, which commenced in early April 2008. Owing to a reduction in available rooms, the hotel's occupancy fell sharply in the year from 70% in 2007 to 45%, and this contributed to a 17% decline in total revenue to RM136.113 million from RM163.121 million in 2007. The hotel ended the year with a loss of RM4.334 million compared with a profit of RM43.574 million for 2007.

In Sabah, Rasa Ria Resort posted strong growth, benefiting from a full year's contribution from its new 90-room extension that opened in late December 2007. Total revenue from its operations showed a 29% improvement to RM92.163 million in 2008, with pre-tax profit up by 39% to RM29.636 million versus RM21.300 million the previous year. The resort achieved 73% occupancy for 2008, while increasing the average room rate by 25% over last year.

In addition, Rasa Sayang Resort also enjoyed a strong year, helped by a healthy increase in occupancy levels. The resort grew total revenue by 20% to RM76.222 million, and operating profit rose to RM19.664 million, an increase of 65% over

RM11.929 million in 2007. With improved leisure demand, the resort raised its occupancy in the year from 52% in 2007 to 66%, which more than compensated for the 7% decrease in the average room rate.

The operating results from Golden Sands Resort were down on last year in a lacklustre market. Room occupancy of the resort for 2008 slipped to 69% from 70% in 2007, with the average room rate falling by 5% from the previous year. The resort saw overall revenue for the year drop by 7% to RM49.986 million, with pre-tax profit reducing from RM18.075 million in 2007 to RM16.410 million.

At Traders Hotel Penang, total revenue for 2008 decreased to RM33.757 million compared with RM34.052 million in the previous year attributed to weaker food and beverage sales. Despite this, the hotel managed to achieve an 11% growth in pre-tax profit to RM4.887 million in 2008 against RM4.390 million for 2007, reflecting the positive impact of cost saving actions taken in the year. Higher corporate demand enabled the hotel to grow occupancy to 73% in 2008 from 71% in 2007, along with a 3% rise in the average room rate.

*Horizon Club Lounge, SHANGRI-LA HOTEL KUALA LUMPUR*

The Group's investment properties in Kuala Lumpur produced stronger results in 2008 on the back of increased occupancy and rental rates at UBN Tower. The combined total rental revenue from UBN Tower and UBN Apartments for 2008 amounted to RM21.411 million, 13% better than last year, and pre-tax profit rose by 15% to RM14.969 million from RM13.010 million for 2007.

In the year ended 31 December 2008, the Group's share of losses in Traders Hotel Yangon, its 23.53% associate hotel in Myanmar, decreased to RM1.384 million compared with RM2.698 million in 2007.

### **INITIATIVES AND DEVELOPMENT**

In the face of many challenges, we have held firmly to our commitment to strengthen the foundations of the business to secure the future growth and long-term competitiveness of our business. During the year, we continued to improve and maintain the quality of our products through ongoing capital programmes, while continuing to invest in our technology, marketing and human resource capabilities.

We made good progress on the major renovation programme for all guestrooms at Shangri-La Hotel Kuala Lumpur. A total of 19

floors of guestrooms were completed by the end of March 2009, and the balance of the renovation programme is well underway with completion due in the middle of 2009. The rooms that have been renovated so far have been well received in the market and are already achieving significantly higher room rates. When renovations are fully completed, the hotel's improved room product and facilities will set the hotel firmly at the forefront of the market, and provide a strong platform for its future growth.

Having conducted a comprehensive review, we postponed some of our capital investment plans earmarked for 2009 due to the current economic climate. We decided, however to push ahead with the planned renovation programme at Golden Sands Resort designed to reinforce its leadership position in a marketplace that has become intensely competitive.

Work on the programme started in February 2009, and entails extensive renovations to all guestrooms, including a complete redesign and upgrade of the main and reception lobbies, and other public areas of the resort. This significant renovation programme is scheduled for full completion by mid-December 2009, and will have a negative impact on the financial performance of the resort in 2009.

## CHAIRMAN'S STATEMENT

### INITIATIVES AND DEVELOPMENT (cont'd)

Selective enhancement works at our hotel properties are also taking place over the course of 2009 to revitalise and refresh existing food and beverage outlets, guest facilities and some public areas.

Technology remains critical to the overall success of our growth strategy. We shall need to continue to invest in new and robust IT systems and infrastructure technologies to provide a reliable operating platform for our businesses, in order to sustain our competitive edge in the industry. In 2009, the property management systems, together with the inventory management systems at all our hotels will be upgraded with modernised technology to achieve improved operational effectiveness and better control processes.

Simultaneously, we must continue to pay particular attention to our human resource management, making sure that our employees are fully equipped and competent to deliver our business objectives.

During 2008, we continued to focus our human resource activities on improving employee performance and skills, and developing the management and leadership capabilities within our businesses. This was done through effective training programmes, and we continue to make every effort to enhance the service efficiency and skills of our employees across our operations, thereby ensuring the consistent delivery of high standards of service to our customers. A number of ongoing initiatives are also being undertaken to provide our employees with a positive workplace environment, as well as to continuously improve their wellbeing, health and safety.

In the current tough business environment, our key priority is to reduce costs to help mitigate the impact of declining revenues, without compromising our strategic objectives.

In this regard, we have implemented a series of measures to drive cost savings and maximise operating efficiencies in all

areas of our business. We are tightly managing costs, and will continue to address our efforts towards achieving a more efficient cost structure through ongoing initiatives to further streamline our existing business processes, especially in the areas of food and beverage operations and procurement activities.

We are also placing a great deal of emphasis on cash flow enhancement and working capital efficiency, and shall continue to keep capital expenditure under tight control.

At the same time, we are intensifying our sales and marketing efforts to gain higher market share by increasing promotional activity and innovative marketing programmes in key target markets throughout 2009. In addition to this, we have also realigned our marketing strategy with a sharper focus on the regional and domestic markets, whilst maintaining a strong marketing drive in our traditional long-haul markets such as the UK, Europe and Australia. We intend to fully leverage our strong global sales and marketing network to optimise revenue opportunities during 2009.

### OUTLOOK

The overall outlook for our hotel business and the whole industry is more difficult in 2009. The worsening conditions and rising uncertainties in the global economy are likely to further depress both leisure and business travel, and will continue to pose considerable challenges for our hotels and resorts throughout 2009.

A marked slowdown in economic activity and continuing poor business sentiments have also resulted in a softening of demand in the property rental market in Kuala Lumpur. These factors are expected to weigh on the performance of our investment properties in 2009.

In these highly challenging and uncertain times, our businesses will continue to be vigilant in controlling costs and to augment marketing initiatives, while remaining resolutely focused on

maintaining and enhancing their competitive market positions. Meanwhile, our high-quality portfolio of hotels and investment properties, strong brand leadership and significant operational capabilities will stand us in good stead. This, together with the actions we are taking should enable us to manage effectively through this economic downturn and at the same time, will allow us to benefit quickly and strongly from a recovery in market conditions, when it returns.

#### THE BOARD

In June 2008, we were pleased to welcome Mr Khoo Eng Min and Mr Kuok Khoon Ho, who joined the Board as non-independent non-executive directors.

#### SPECIAL THANKS

I want to take this opportunity, on behalf of the Board, to thank all our employees for their enormous dedication, passion and hard work during 2008. I have no doubt that they will rise to the challenges in the tough year ahead with great determination and enthusiasm.

Equally, I am also deeply grateful to my colleagues on the Board for their strong commitment and invaluable counsel throughout the past year.

I must end by extending our wholehearted thanks to you, our shareholders for your continuing support and confidence in us.

## OPERATIONS REVIEW

### HOTELS

THE FINANCIAL PERFORMANCE OF **SHANGRI-LA HOTEL KUALA LUMPUR** DECLINED OVER 2007 DUE TO THE NEGATIVE IMPACT OF ITS MAJOR RENOVATION PROGRAMME. THE PROGRAMME SIGNIFICANTLY REDUCED THE NUMBER OF AVAILABLE ROOMS THROUGH MOST OF 2008 AND AS SUCH LIMITED OPPORTUNITIES FOR GROWTH IN BOTH ROOMS AND FOOD AND BEVERAGE OPERATIONS.

Guestroom, SHANGRI-LA HOTEL KUALA LUMPUR

As a result, total revenue from the hotel's operations for 2008 dropped by 17% to RM136.113 million compared with RM163.121 million in 2007. The hotel's 2008 results were further impacted by a one-off charge of RM24.147 million for certain asset write-offs associated with the major renovation programme. Consequently, the hotel incurred a loss of RM4.334 million in 2008 compared with a profit of RM43.574 million in 2007. Excluding the asset write-offs, the hotel would have recorded a profit of RM19.813 million against RM43.574 million in 2007.

Given the reduced availability of rooms for sale during the year, the hotel's occupancy fell to 45% in 2008 from 70% in 2007. Correspondingly, lower room night bookings were reported in all market segments particularly from the corporate group markets of Singapore, Malaysia and the UK, as well as from the leisure group markets of the UK, the Middle East and Australia. However, a more aggressive approach to rate strategies enabled the hotel to grow its average room rate by 22% over the previous year. During 2008, higher room rates were recorded in almost all market segments, with strong increases in the corporate group, corporate individual and leisure group segments. Overall, total room revenue at the hotel declined by 21% to RM57.423 million in 2008 from RM72.903 million in 2007, and profit decreased by 25% to RM44.568 million compared with RM59.170 million in 2007.

The renovation work also had an adverse effect on the hotel's food and beverage operations, with the banqueting business reporting the largest fall in covers due to a significant reduction in corporate events and conventions. The hotel's food and beverage outlets also recorded decreased covers, particularly at *Lemon Garden Café* and its Chinese restaurant, *Shang Palace* mainly due to generally lower consumer spending in a softer economic climate. Total food and beverage revenue in 2008 therefore reduced by 12% to RM72.304 million from RM81.968 million in 2007, and profit fell by 18% to RM26.952 million from RM32.781 million the previous year.

The major renovation programme covering all guestrooms at the hotel is progressing well. The programme, which began in early April 2008, is scheduled for full completion by the middle of 2009. As at end-March 2009, 19 floors of guestrooms have been completed and reopened for business. The newly renovated rooms have been very well received in the market and are attracting higher average

room rates. A new Horizon Club Lounge was also created and opened in early October 2008 to a favorable response from guests. When renovations are fully completed, the enhanced room product will significantly strengthen the hotel's market position and provide it with a solid foundation for long-term growth.

The hotel also undertook several other enhancement projects during 2008. The major work to re-clad the exterior of the building with a new finish was successfully completed at the end of November 2008. The swimming pool and deck area on level two were also renovated, while the hotel's *Lobby Lounge* underwent significant upgrading and was re-launched in June 2008. Since re-opening, it has been well received by both hotel guests and the local community.

In 2008, the hotel again received several prestigious awards for its high quality products and services. Conde Nast Traveler (USA) 2008 Readers' Choice Awards listed the hotel amongst the *Top 100 Asia Hotels*. The hotel was also voted *Asia's Best Hotel in Kuala Lumpur* by Asiamoney (Hong Kong) in its 16th Annual Travel Poll 2008.

In 2009, the hotel is moving on several fronts to meet the challenges ahead. A comprehensive advertising campaign will be carried out to re-launch and create stronger awareness of its renovated rooms. The hotel will also focus its efforts on driving higher corporate business from the domestic market and the regional markets of Singapore, Hong Kong and Japan, as well as seek to increase leisure business from the UK, Australia and the Middle East. At the same time, the hotel will continue to grow its high-yield corporate accounts for the Horizon floor guestrooms, primarily targeting the key markets of the USA and Europe. Greater efforts will be made to improve room yields through focused and effective rate management strategies.

Meanwhile, more attractive food promotions will be introduced along with innovative dining concepts to further enhance food and beverage performance. The hotel will also continue to build on its food and beverage loyalty programme to attract new customers and draw repeat business at the outlets. In addition, sales and marketing initiatives will be intensified to grow its banqueting and outside catering business. Importantly, the hotel will continue to exercise stringent control over costs to achieve higher levels of operating efficiency.

## OPERATIONS REVIEW

### HOTELS

**TRADERS HOTEL PENANG** ENJOYED INCREASED CORPORATE DEMAND IN 2008. THIS, COMBINED WITH TIGHT COST MANAGEMENT AND EFFICIENCY IMPROVEMENTS, LED TO HIGHER PROFITS IN SPITE OF AN OVERALL DECLINE IN REVENUE DUE TO LOWER FOOD AND BEVERAGE SALES. TOTAL REVENUE FOR THE HOTEL DROPPED FROM RM34.052 MILLION IN 2007 TO RM33.757 MILLION IN 2008, WHILE PRE-TAX PROFIT ROSE BY 11% TO RM4.887 MILLION COMPARED WITH RM4.390 MILLION THE YEAR BEFORE.

Lemon Garden Café, SHANGRI-LA HOTEL KUALA LUMPUR

During 2008, the hotel experienced healthy demand from its key corporate group and corporate individual segments of Malaysia, Japan, Singapore and the USA. Overall, room occupancy rose to 73% in 2008 from 71% in 2007. The hotel's average room rates in 2008 also showed an increase of 3% on the previous year as a result of higher rates achieved in most market segments, particularly in the corporate group and airline business segments. In consequence, total room revenue went up by 4% to RM23.027 million in 2008 against RM22.108 million in 2007, and profit increased by 3% to RM17.216 million compared with RM16.790 million in 2007.

The hotel's food and beverage operations faced intense levels of competition and stiff pricing pressure during the year. In this environment, the hotel's coffee shop, *The Islander* and *Lobby Lounge* recorded weak food and beverage covers and average checks. In addition, the food and beverage business was affected by the closure of the hotel's ballroom and function rooms for three months in the second quarter of 2008 for significant renovation works. Since re-opening in early July 2008, the upgraded banqueting facilities have been well received in the market. Total food and beverage covers from the hotel's outlets and banqueting business declined by 14% to 229,203 covers in 2008. This resulted in an

11% drop in total food and beverage revenue to RM9.210 million compared with RM10.330 million the year before. Despite the lower revenue, profit increased to RM1.956 million in 2008 as a result of effective cost saving measures. Correspondingly, food and beverage profit margins improved to 21% in 2008 from 19% the previous year.

Looking forward to 2009, the hotel will drive stronger corporate demand from its key regional markets of Singapore and Hong Kong, as well as from Malaysia. Marketing efforts will also be stepped up to expand its corporate customer base in the pharmaceutical, IT and government sectors, while relationships with existing corporate customers will be further strengthened to gain continued support. In addition, the hotel will implement attractive packages to generate greater demand from the leisure markets of China, India and the Middle East. To further grow its banqueting business, the hotel will intensify its sales activities to secure more corporate functions and social events. New and innovative food and beverage concepts and promotions will also continue to be introduced to enhance the performance of its outlets. At the same time, the hotel will focus on improving its service standards and boost cost efficiency throughout its operations.

## OPERATIONS REVIEW

### RESORTS

**RASA SAYANG RESORT** DELIVERED A STRONG SET OF RESULTS IN 2008, DRIVEN MAINLY BY HIGHER OCCUPANCY LEVELS. TOTAL REVENUE FOR THE YEAR WENT UP BY 20% TO RM76.222 MILLION COMPARED WITH RM63.485 MILLION IN 2007, WHILE OPERATING PROFIT ROSE BY 65% TO RM19.664 MILLION FROM RM11.929 MILLION THE YEAR BEFORE.

*Boardroom, Horizon Club Lounge, SHANGRI-LA HOTEL KUALA LUMPUR*

Occupancy at the resort increased to 66% in 2008 from 52% the previous year due to a healthy upsurge in visitor arrivals from its major leisure markets, which helped to compensate for the 7% decline in average room rates. During the year, aggressive sales and marketing initiatives enabled the resort to generate significant growth in room night bookings mainly from the leisure group and leisure individual segments in its key markets of the UK, the Middle East, Australia and Japan. Total room night bookings from these two segments in 2008 increased by 45% or 15,165 room nights over 2007. Consequently, total room revenue went up by 19% to RM48.582 million in 2008 from RM40.820 million in 2007, and profit rose by 17% to RM40.321 million in 2008 versus RM34.346 million the year before.

The resort's food and beverage operations also performed better in line with improved room occupancy. Total food and beverage revenue rose 25% to RM22.198 million in 2008 from RM17.770 million in 2007, whilst profit climbed by 32% to RM8.093 million in 2008 against RM6.150 million in 2007. All food and beverage outlets at the resort recorded improved covers, particularly at *Spice Market Café*, *Tepi Laut* and *Feringgi Grill*. In addition, the resort's banqueting business did well, reflecting increased private functions and corporate events during the year.

In 2008, the resort's luxurious *Chi Spa* received The BrandLaureate Awards 2007-2008 for the *Best Brands in Wellness Spa* organised by the Asia Pacific Brands Foundation for excellence in product branding. It also won the FIABCI Malaysia Property Award 2008 for the *Resort Development* category, acknowledging the high standards and excellence achieved in its major redevelopment project which was completed in September 2006.

In the coming year, the resort will step up its sales and marketing activities to grow its leisure and corporate customer base in the regional markets of Singapore, Hong Kong and Thailand, as well as in Malaysia. At the same time, increased efforts will be made to secure more high-yield business from its traditional key leisure markets of the UK and Australia, while continuing to improve market share from the emerging markets of Russia and China. The resort will also focus on maximising room yields through more effective rate management strategies and aggressive upselling efforts. To help drive improvements in operating efficiency, ongoing initiatives to further rationalise the cost structure will be pursued through 2009. Alongside these initiatives, the resort will continue to place great emphasis on all aspects of skills training so as to maintain and enhance the overall quality of customer service standards.

### RESORTS

**RASA RIA RESORT** IN SABAH GAVE A STRONG PERFORMANCE IN 2008, BUOYED BY A FULL YEAR'S CONTRIBUTION FROM THE OCEAN WING, ITS NEW 90-ROOM EXTENSION, WHICH OPENED IN LATE DECEMBER 2007.

THE RESORT INCREASED ITS TOTAL REVENUE BY 29% TO RM92.163 MILLION IN 2008 COMPARED WITH RM71.680 MILLION IN 2007, WITH PRE-TAX PROFIT UP BY 39% TO RM29.636 MILLION FROM RM21.300 MILLION IN 2007.

*Ocean Wing Pool, RASA RIA RESORT*

Healthy room night bookings were recorded by its key leisure markets of the UK, Europe, Australia and Hong Kong. The new rooms in the *Ocean Wing* also enjoyed good demand from high-yield leisure markets, particularly from the UK and Hong Kong. Overall, occupancy at the resort averaged 73% in 2008. Total room revenue for 2008 grew by 39% to RM49.447 million compared with RM35.466 million the previous year, while profit surged by 41% to RM43.182 million in 2008 versus RM30.683 million in 2007. The stronger room performance was primarily driven by a robust 25% growth in the average room rate. Good yield management combined with an effective rate upselling strategy resulted in all market segments recording higher room rates.

The resort's food and beverage operations also performed well, helped by higher business levels in most outlets. In total, the food and beverage outlets showed an increase of 93,498 covers, up 23% on 2007, mainly from the *Coffee Terrace* and *Coast*, its Western restaurant by the beachfront. Lower covers were, however, recorded by its banqueting facilities due to a reduction in corporate meetings and social events. In 2008, the resort's Indian restaurant, *Naan*, underwent a complete renovation and part of its space was converted into a new Japanese restaurant, *Kozan Teppan-yaki* to widen and improve the range of its food and beverage offering. The upgraded *Naan* and the new *Kozan Teppan-yaki*

outlets have been well received by guests and the local community since opening in December 2008. Overall, total food and beverage revenue in 2008 went up by 16% to RM30.122 million from RM25.916 million in 2007, while profit gained 9% to RM11.854 million from RM10.842 million the previous year.

In 2008, Conde Nast Traveller (UK) Readers' Travel Awards 2008 ranked the resort seventh in the *Top 20 Overseas Leisure Hotels in the Asia & Indian Subcontinent Category* and also featured the resort in its prestigious *2009 Gold List Best for Facilities Category*.

Moving forward, the resort will continue to pursue focused and innovative marketing strategies to generate higher business volumes from its key leisure markets of the UK, Europe, Japan and Australia. Simultaneously, sales efforts will be stepped up to secure more corporate meeting business, particularly from the regional markets of Singapore, Hong Kong and Korea. In addition, an active marketing programme is in place to strengthen awareness of its new *Ocean Wing* rooms so as to capture a larger share of the higher-end leisure and business travellers from the UK, Europe and the Asian region. In order to achieve better cost efficiency throughout its operations, ongoing initiatives will be undertaken to streamline existing cost structures and improve operational processes, while maintaining a commitment to product and service excellence.

## OPERATIONS REVIEW

## RESORTS

**GOLDEN SANDS RESORT** RECORDED LOWER RESULTS FOR 2008 IN A SUBDUED MARKET. SOFTER LEISURE DEMAND COUPLED WITH DECLINING AVERAGE ROOM RATES CAUSED A 7% FALL IN TOTAL REVENUE TO RM49.986 MILLION FROM RM53.486 MILLION IN 2007, WHILE PRE-TAX PROFIT DECREASED BY 9% TO RM16.410 MILLION IN 2008 FROM RM18.075 MILLION THE PREVIOUS YEAR.

*Kozan Teppan-yaki, RASA RIA RESORT*

During the year, the resort experienced a decline in room night bookings from its key leisure markets of the UK, Japan and Europe, as well as from the corporate meeting segment of Malaysia. Meanwhile, leisure business from the resort's traditional major long-haul markets of Australia and the Middle East held relatively firm. Overall, occupancy declined to 69% in 2008 compared with 70% the previous year, while average room rate dropped by 5% from 2007, mainly as a result of various tactical promotions and offers introduced during the year to stimulate demand.

Consequently, total room revenue declined by 6% to RM33.959 million in 2008 from RM36.246 million in 2007, whilst profit reduced to RM28.577 million for the year against RM30.894 million in 2007.

The resort's food and beverage operations also performed below expectations in tandem with weaker occupancy levels and increasing competition from freestanding restaurants in the Batu Feringgi area. Most of the outlets at the resort registered lower food and beverage covers, particularly at *Garden Café* and the poolside outlet, *Kuda Laut*. Similarly, the resort's banqueting facilities saw reduced business levels due to fewer business functions and meetings. Results from the food and beverage operations in 2008 were also impacted by a three-month closure of the *Garden Café* for upgrading work. The renovated coffee shop has received encouraging response from guests and the local community since re-opening in October 2008.

For 2008, total food and beverage revenue at the resort dropped by 10% to RM13.364 million from RM14.777 million, with profit down by 29% to RM3.126 million in 2008 from RM4.374 million in 2007.

To stay ahead of competition, the resort initiated a major renovation programme in February 2009 to upgrade all its guestrooms, main and reception lobbies, and other public areas. This programme is targeted for full completion by mid-December 2009 and will have a large negative impact on the financial performance of the resort in 2009. On completion, the new room product and facilities will greatly enhance the resort's leadership position and enable it to compete more effectively.

In 2009, the resort will also be streamlining and consolidating its food and beverage operations to gain improved operating efficiency and productivity. The resort's Italian restaurant, *Peppino*, and *Kuda Laut* will be closed and their operations merged into *Sigi's by the Sea*, its outlet by the beachfront. As part of this initiative, *Sigi's by the Sea* will be completely redesigned and repositioned.

With renovations ongoing through a significant part of 2009, the resort will actively launch direct sales campaigns and aggressive promotional activities to drive business volumes from the domestic market and the regional markets of Japan, Singapore and Hong Kong. In addition, it will implement targeted marketing programmes and attractive room packages to grow share from its major long-haul leisure markets of Australia, the Middle East and the UK. The resort will also aim to maximise room yields through more effective rate management strategies and upselling initiatives. Innovative food and beverage programmes will be introduced to attract higher in-house covers at the outlets. Along with this, weekend buffets and new dining promotions will be created to draw greater patronage from the local community. Further, it will step up its cost containment measures in all areas of operations, while maintaining high customer service levels.

## OPERATIONS REVIEW

### INVESTMENT PROPERTIES

THE GROUP'S INVESTMENT PROPERTIES IN KUALA LUMPUR ACHIEVED IMPROVED FINANCIAL RESULTS IN 2008, UNDERPINNED BY GOOD GROWTH IN OCCUPANCY RATES AT UBN TOWER.

THE COMBINED RENTAL REVENUE FROM UBN TOWER AND UBN APARTMENTS ROSE BY 13% TO RM21.411 MILLION IN 2008 FROM RM18.988 MILLION THE YEAR BEFORE, WHILE THEIR COMBINED PRE-TAX PROFIT INCREASED BY 15% TO RM14.969 MILLION IN 2008 COMPARED WITH RM13.010 MILLION IN 2007.

The overall demand for prime office space in the Kuala Lumpur Golden Triangle area remained healthy during the year. This, together with focused marketing strategies, enabled UBN Tower to improve its occupancy rate from 72% in 2007 to 83% in 2008. Most of the new tenants secured in 2008 were from the oil and gas, financial business services and IT sectors. The growth in demand was also supported by increased office space requirements from several existing tenants for their business expansions.

As a result, total rental revenue for UBN Tower went up by 16% to RM18.824 million in 2008 from RM16.166 million the previous year, and pre-tax profit grew by 24% to RM11.549 million in 2008 from RM9.323 million in 2007.

A renovation programme was started in the fourth quarter of 2008 to significantly upgrade all the washrooms, service lift lobbies and car park lift lobbies at UBN Tower, in order to enhance its high-quality image and competitive edge. Work on the programme is making satisfactory progress, with completion planned by end-June 2009.

The performance of UBN Apartments was, however, affected by sluggish demand due to the slower growth in the number of expatriates in Kuala Lumpur, coupled with smaller corporate housing budgets, amidst a weakening global economy. The situation was further exacerbated by a significant increase in competitive activity, given the prevalence of new supply of high-end apartment units in the market.

Consequently, the occupancy rate at UBN Apartments for 2008 reduced to 77% from 80% in 2007. Total rental revenue from UBN Apartments for 2008 decreased by 8% from RM2.822 million in 2007 to RM2.587 million, with pre-tax profit falling to RM3.420 million in 2008 against RM3.687 million the year before.

In tandem with the deepening economic slowdown and uncertain outlook, trading conditions in the prime office and residential property rental markets in Kuala Lumpur are expected to weaken considerably in the course of 2009 on the back of slower demand. In addition, the leasing market for high-end apartments in Kuala Lumpur will likely face higher competition as more supply is expected to come on line with the completion of several new condominium development projects during 2009. These factors will put added pressure on the overall occupancy levels and rental rates at UBN Tower and UBN Apartments.

In response to these market challenges, the Group's investment properties will redouble their marketing efforts and employ more strategic marketing initiatives to attract new tenants, as well as to retain existing tenants. Greater emphasis will be placed on cost management during 2009 to drive further improvements in operating efficiencies. At the same time, both properties will strive for high standards of building maintenance and security, and will increase their focus on maintaining and improving their service offer to tenants.

Mr Tan has no family relationship with any Director and/or major shareholder of SHMB, no conflict of interest with SHMB and no convictions for any offences within the past ten years. He attended all five Board meetings held in 2008. Age 67.

### JOSEPH PATRICK STEVENS

AMERICAN, ALTERNATE DIRECTOR

Mr Joseph Patrick Stevens joined the Board on 1 November 2007 as an Alternate Director to Mr Richard Anthony Johnson. He holds a Juris Doctorate from Georgetown University (United States) and a Bachelor of Science in Political Science from Alfred University (United States). He spent 13 years at Goldman Sachs in the Investment Banking Division, where he held various leadership positions throughout Asia (Hong Kong, Singapore, Tokyo, Beijing), including Chief Executive and Managing Director of Goldman Sachs' China joint venture, Goldman Sachs Gao Hua Securities Limited. His investment banking experience includes several successful principal investments, mergers and acquisitions, acquisition financings and capital markets transactions. Prior to joining Goldman, he was an attorney with a US law firm, Cravath, Swaine & Moore (in New York and London) for 6 years, focusing primarily on mergers & acquisitions and securities transactions. Currently, he is the Global Head of Principal Finance at Standard Chartered Bank, and is based in Singapore. He does not sit on the board of any other public listed company in Malaysia.

Mr Joseph Stevens has no family relationship with any Director and/or major shareholder of SHMB, no conflict of interest with SHMB and no convictions for any offences within the past ten years. Age 47.

# STATEMENT ON CORPORATE GOVERNANCE

## INTRODUCTION

The Board supports the fundamental principles of good corporate governance and the best practice provisions contained in the Malaysian Code on Corporate Governance (“the Code”). The Board is firmly committed to upholding the highest standards of integrity, accountability and transparency in the governance of the Company in order to protect and enhance the interests of all shareholders.

The Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Malaysia”), requires listed companies to publish each year in the annual report, a disclosure statement describing the manner in which the principles of the Code have been applied and the extent of compliance with its best practices during the financial year. In the opinion of the Directors, this statement reflects the way in which the Company has applied the principles in Part 1 and, save where otherwise identified, its compliance with the best practices set out in Part 2 of the Code for the year ended 31 December 2008.

## THE BOARD

### Board Structure and Procedures

The Board currently consists of eleven non-executive directors and two executive directors namely Madam Kuok Oon Kwong and Puan Rozina Mohd Amin.

All the members of the Board served throughout 2008 save for Mr Khoo Eng Min and Mr Kuok Khoon Ho, who joined the Board as non-independent non-executive directors on 10 June 2008 and 26 June 2008 respectively.

The brief profiles of the current members of the Board are given on pages 25 to 30 of this annual report.

Of the eleven non-executive directors on the Board, four are considered to be fully independent. As such, independent non-executive directors make-up one-third of the membership of the Board as prescribed by the Listing Requirements of Bursa Malaysia. The composition of the Board also fairly reflects the investment of the minority shareholders of the Company as only two out of the thirteen-member board represent the interests of Shangri-La Asia Limited, the largest shareholder of the Company holding 52.78% equity interest.

The Board is responsible to the shareholders for the good standing of the Company and the strategic direction for its future development. It has adopted a formal schedule of matters specifically reserved to itself for decision and approval to ensure that the overall control of the affairs of the Company is firmly in its hands. These include approval of corporate strategic plans, financial statements, dividend recommendations, annual operating budgets, major capital projects and expenditure, major acquisitions and disposals, risk management policies, appointment of directors and important announcements to be issued.

The responsibility for managing business, for implementing policy and monitoring business performance is delegated to the executive directors. There is an effective working relationship between the executive and non-executive directors. All directors are expected to bring independent, objective judgement to the Board’s deliberations and decision-making process.

Given the present scope and nature of the Group’s business operations, the Board considers that the current size of the Board is adequate and facilitates effective decision-making. The Board is also satisfied that there is a broad spread of knowledge and relevant competencies among its current members for it to operate effectively and expeditiously in the overall interests of the Company.

## STATEMENT ON CORPORATE GOVERNANCE

The non-executive directors bring a wide range of business and financial experience, and have proven track records in the private and public service sectors vital to the success of the Company. They fulfil a key role in ensuring that corporate strategic plans and business proposals are fully discussed and critically reviewed. This process ensures that the Board acts in the best long-term interest of the shareholders.

There is a clear separation of the roles of the Board Chairman and the Managing Director, each with clearly defined responsibilities to ensure a balance of power and authority. Tan Sri A. Razak bin Ramli is the Board Chairman with responsibility for ensuring the integrity and effectiveness of the Board. Madam Kuok Oon Kwong who is the Managing Director is responsible to the Board for the operational and financial performance of the Group's businesses.

During the period under review, the Board has not adopted the Code's recommendation pursuant to best practice AA VII whereby a senior independent non-executive director should be identified. Having again considered this appointment, the Board has concluded that the appointment of a senior independent non-executive director is not necessary given the strong independent element on the Board. Furthermore, the roles of the Board Chairman and the Managing Director are separately held with a clear demarcation of responsibilities to ensure there is an appropriate balance of power and to facilitate independent decision-making.

### Re-election of directors

All directors are required to seek re-appointment by the shareholders at the first Annual General Meeting ("AGM") after their appointment, and thereafter are subject to retirement by rotation in accordance with the articles of association of the Company. Additionally, all Directors are required to retire from office at least once in every three years, but shall be eligible for re-election. Directors of the Company over the age of seventy years are required to submit themselves for re-appointment annually in accordance with section 129 (6) of the Companies Act, 1965.

The directors of the Company who are seeking election, re-election or re-appointment at the Thirty-Eighth AGM of the Company to be held on 21 May 2009 are contained in the Notice and the Statement Accompanying the Notice of AGM.

### Board meetings

The Board meets at least five times a year to deal with business requiring Board approval, but arranges to meet at other times, if the need arises.

The Board met five times during 2008 and the record of attendance of each director at the board meetings is set out in the table below. Several meetings of board committees were also held during 2008 and generally, these meetings correspond with major phases of the financial reporting cycles.

### Supply of information and Access to Advice

All directors are briefed by use of comprehensive papers, in advance of Board meetings and by presentations at meetings, to allow proper consideration of the matters on the agenda. From time to time, the Board requests for additional information to regular reporting as it requires. The Board Chairman ensures that the meeting agenda is designed to meet the Board's objectives and that all directors have complete and timely access to all relevant information. The Managing Director keeps the Board informed on a timely basis, of all material matters affecting the Group's performance and major developments within the Group.

The directors have access to the advice and services of the Company Secretary who is responsible for ensuring that the board procedures are followed and that the Company observes all relevant laws and regulations. Additionally, the full Board as well as any member of the Board may in exercising their duties take independent professional advice if necessary, at the Company's expense.

### Board Committees

The Board has delegated specific responsibilities to established board committees, as described below, which all operate within defined terms of reference. Decisions and recommendations of the committees of the board are reported to the Board on a formal basis.

#### a. AUDIT COMMITTEE ("AC")

The AC currently consists of three non-executive directors, two of whom are independent including the Chairman, and meets at least four times a year. Dato' Seri Ismail Farouk Abdullah chairs the AC and the other members are Datuk M. Supperamaniam and Mr Tan Yew Jin. The primary functions of the AC include the review of the effectiveness of the internal control and risk management processes within the Group, overseeing the financial reporting process and the external audit process.

#### b. POLICY IMPLEMENTATION COMMITTEE ("PIC") – *Hotels & Resorts*

The PIC comprises the two executive directors under the chairmanship of the Managing Director and met on fifteen occasions during the year. The PIC oversees the overall business operations and activities of the Group's hotels and resorts. The respective General Managers together with other senior management attend the meetings to report on operational issues, business performance and project developments. The committee is authorised to approve capital expenditure within the levels agreed by the Board.

#### c. NOMINATION & REMUNERATION COMMITTEE ("NRC")

The NRC met in December 2008 and comprises three independent non-executive directors. The NRC is chaired by Dato' Dr Tan Tat Wai and the other members are Datuk M. Supperamaniam and Dato' Seri Ismail Farouk Abdullah. The key functions of the NRC are to make recommendations on all new appointments to the Board, and to recommend membership of board committees as well as the remuneration framework for executive directors. Its other responsibilities include the review of the structure, size and composition of the Board, including the ongoing effectiveness of the Board as a whole and the committees of the board, and the contributions of each director towards the effective functioning of the Board.

## STATEMENT ON CORPORATE GOVERNANCE

### Directors' Training

The Board places the responsibility for training of directors on the NRC. To ensure that the Directors are competent in carrying out their expected roles and responsibilities, they are provided with the opportunity for training on an ongoing basis so as to update them on relevant new legislation, regulations and changing commercial risks. In September 2008, an in-house training seminar was held for Directors on IT risk management and information protection, as well as to provide updates on developments in tax matters and related issues.

Mr Khoo Eng Min and Mr Kuok Khoon Ho who were appointed to the Board during 2008, have completed the Mandatory Accreditation Programme in compliance with the Listing Requirements of Bursa Malaysia.

### Directors' Remuneration

The Company's general policy on the remuneration of executive directors is to offer competitive remuneration packages, which are designed to attract and retain high calibre executives, and to motivate the highest performance. The NRC advises the Board on the overall remuneration policy for the executive directors and, in doing so, has given full consideration to the best practice provisions of the Code dealing with the level and make-up of directors' remuneration.

In determining the structure and level of individual remuneration packages, the NRC takes into account specific responsibilities, individual performance, the business performance of the Company and the general economic outlook. It aims to provide a balanced remuneration package, which consists of an appropriate level of basic salary and annual bonus that is linked to the achievement of annual targets related to the performance of the Company. The NRC makes comparison with the remuneration practices and salary levels of comparable companies, particularly in the hotel industry, but exercises its own judgement as to whether such other practices are appropriate for the Company.

The non-executive directors of the Company are paid an annual fixed fee for serving on the Board, which is determined by the Board as a whole, subject to shareholders approval at the Annual General Meeting. No director is involved in deciding his or her own remuneration. The aggregate remuneration of the directors of the Company categorised into the appropriate components and analysed into bands of RM50,000 for the financial year ended 31 December 2008 is set out below.

| CATEGORY                | FEES & ALLOWANCES (RM) | SALARIES & BONUS (RM) | BENEFITS-IN-KIND (RM) |

## STATEMENT ON CORPORATE GOVERNANCE

### RELATIONSHIP WITH SHAREHOLDERS

Communications with shareholders are given high priority. The Board aims to ensure the timely disclosure of information to all shareholders. The Company keeps the shareholders abreast of the overall financial performance and future developments of the Group through its annual report and accounts, quarterly announcements of results made through Bursa Malaysia, press releases and circulars to shareholders. The Company values its dialogue with institutional investors and analysts, and responds continually to their ad-hoc requests for discussion on the Group's strategy and financial performance.

The Board uses the Annual General Meeting ("AGM") as an important means of communication with shareholders. At that meeting, shareholders are given a balanced report of the results and progress of the Group's performance and its future prospects. Shareholders are also invited to ask questions on items of business put before the meeting and have the opportunity to vote separately on each resolution. The Board encourages shareholders to participate in discussions with the Board and to give their views to directors. After the meeting, the directors are available to answer further questions on the business of the Group.

### ACCOUNTABILITY AND AUDIT

#### Financial reporting

In presenting the annual financial statements and quarterly announcement of results, the Board aims to provide shareholders with a balanced and understandable assessment of the Group's financial position and prospects. The Audit Committee of the Board assists the Board in ensuring the reliability and integrity of the accounting and financial reporting systems of the Company. In addition, it reviews the annual financial statements and quarterly financial reports before they are submitted to the Board for approval. A statement of the directors' responsibilities for preparing the financial statements is set out on page 48 of this annual report.

#### Internal Control

The Board recognises that it is responsible for the Group's system of internal control and for reviewing its effectiveness. The Statement on Internal Control which provides an overview of the state of the Group's system of internal control is set out on pages 36 to 38 of this annual report.

#### Relationship with the Auditors

The Audit Committee of the Board provides an independent channel of communication for the external and internal auditors. The Board ensures that an objective and professional relationship is maintained with the external auditors through the Audit Committee which keeps under review the nature, scope and results of the external audit, its cost effectiveness and the independence and objectivity of the auditors. It also reviews the scope of work and extent of the activity of the internal audit function.

This statement is made in accordance with a resolution of the Board of Directors dated 8 April 2009.

## STATEMENT ON INTERNAL CONTROL

### INTRODUCTION

The Board acknowledges the importance of maintaining a sound system of internal control and effective risk management as part of its ongoing efforts to practise good corporate governance. The Board is committed to practising the highest standards of corporate governance and observing best practices, and will continue to improve on current practices.

### BOARD RESPONSIBILITY

The Board has ultimate responsibility for the system of internal control operating throughout the Group and for reviewing its effectiveness, adequacy and integrity, including financial and operational controls, compliance with relevant laws and regulations, and risk management in order to safeguard shareholders' investments and the Group's assets.

The Board recognises that the Group's system of internal control is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and that it can only provide reasonable and not absolute assurance against misstatement or loss.

The Group has established the necessary procedures, which accord with the guidance on internal controls provided in the Statement on Internal Control: Guidance for Directors of Public Listed Companies, and that these procedures have been in place throughout the financial year and up to the date of approval of this report.

These procedures ensure that the Board is aware of the key risks facing the Group and that the system of internal control is regularly reviewed for effectiveness and adequacy. The Board has delegated the primary responsibility for the operation of the system of internal control to the executive directors and management within an established framework that applies throughout the Group.

### RISK MANAGEMENT FRAMEWORK

There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group in the context of its business objectives. Each major operating unit of the Group has produced a risk register, which identifies the key risks, their potential impact and likelihood of occurrence as well as the control strategies in place to manage those risks. Action plans have been developed and monitored continuously to ensure compliance, and these plans are regularly reviewed by the Board through the Audit Committee. The Group's risk profile is updated periodically to reflect the changing business environment and to enable the implementation of control strategies to manage new risks on a timely basis.

The process is supported by the Internal Audit Department of the Company's ultimate holding company, which monitors the continuing effectiveness of the risk management activities of the Group and reports to the Audit Committee of the Board on any control failings and corrective action.

## STATEMENT ON INTERNAL CONTROL

### OTHER KEY ELEMENTS OF INTERNAL CONTROL

The other key elements of the Group's internal control system are described below.

- **Organisation structure with clearly defined lines of responsibility and delegated authority**

The Group has in place an organisation structure with key responsibilities clearly defined for the Board, committees of the board and the executive management of the Group's major operating units.

- **Independence of Audit Committee**

The Audit Committee of the Board currently comprises three non-executive directors, the majority of whom are independent, and has full access to both the internal and external auditors.

- **Documented internal policies and procedures**

Key policies and control procedures regulating financial and operating activities are clearly documented in manuals for the hotel operating units. Compliance with the controls set out in the manuals is monitored by monthly self assessment reports from the finance heads of each operating unit and a rolling programme of internal audit reviews. These manuals are subject to regular reviews and updates to reflect the changing business risks and to resolve operational deficiencies, if any.

- **Detailed budgeting process**

Detailed annual budgets are prepared by individual operating units containing business strategies, financial and operating targets, performance indicators and capital expenditure proposals, which are reviewed by the Policy Implementation Committee of the Board. The Board approves the consolidated Group budget with objectives for each operating unit.

- **Comprehensive system of financial reporting**

A comprehensive system of reporting financial information to the executive management of major operating units, the executive directors and the Board is in place. Detailed management accounts are prepared by each operating unit based on an annual budget with monthly reports compared against budget, analysis of significant variances and key performance indicators and regular re-forecasting.

The Board also reviews the treasury reports on a quarterly basis, which analyse the Group's funding requirements and monitor the Group's borrowings and exposure to interest rate risk. Other important areas such as legal and regulatory compliance and insurance risk management are monitored and reviewed by the Policy Implementation Committee of the Board on a continuous basis.

The Policy Implementation Committee and senior management keep the Board updated periodically on the Group's operation and on any significant changes in the business and external environment that may have an impact on the financial position of the Group.

- **Established capital expenditure approval process**

The Group has formal procedures for the appraisal of major capital expenditure, which must be approved by the Board, and detailed procedures and authority levels relating to all other capital expenditure. There are also clear procedures for obtaining approval for assets disposal and major business transactions.

## STATEMENT ON INTERNAL CONTROL

- **Employee competency**

Continuous staff training and development are emphasised to enhance and improve employee competencies and proficiencies via on-the-job and classroom training. The Group also places high emphasis on communicating information relating to business plans and performance to employees so as to encourage participation and to create awareness of the financial and economic factors affecting the Group. This is achieved through established communication channels between executive management and employees, ad-hoc briefings and periodic in-house publications.

The Group's hotel operating units have in place a Code of Conduct, to which all employees are signatories, governing the standards of ethical behaviour in dealing with customers, suppliers and fellow employees. The Shangri-La's Strategic Plan, *One Team – One Way Towards Excellence* sets out the guiding principles for all employees towards achieving market leadership, the goals and financial objectives for the Group's hotels.

### INTERNAL AUDIT FUNCTION

Internal audit plays a critical role in the objective assessment of the Group's business processes by providing the Audit Committee of the Board with reasonable independent assurance on the effectiveness and integrity of the Group's system of internal control.

The Audit Committee of the Board is assisted by the Internal Audit Department ("IAD") of the Company's ultimate holding company. The role of the IAD is to perform independent reviews, and monitor and ensure compliance with the Group's policies, procedures and systems of internal control. The IAD reports to the Audit Committee of the Board regarding the effectiveness of the risk and control management, and also recommends improvements in controls. The audits performed by the IAD are based on risk based audit plans approved by the Audit Committee.

The Audit Committee of the Board considers significant control matters and receives regular reports from the IAD and reports its findings and conclusions to the full Board on a quarterly basis.

There were no material losses incurred arising from weaknesses in internal control identified during the financial year that would require mention in the Annual Report.

This statement is made in accordance with a resolution of the Board of Directors dated 8 April 2009.

## AUDIT COMMITTEE REPORT

FOR THE YEAR ENDED 31 DECEMBER 2008

The Audit Committee ("committee") of Shangri-La Hotels (Malaysia) Berhad was established on 6 July 1994. The committee assists the Board in fulfilling its responsibility for maintaining a sound system of internal control in order to safeguard the assets of the Group and shareholders investments. It also assists the Board in ensuring the reliability of financial information for publication, the maintenance of proper accounting records, the efficiency of operations and compliance with relevant laws and regulations. In carrying out its duties, the committee maintains effective working relationships with the Board, management, and the external and internal auditors.

### COMPOSITION AND ATTENDANCE AT MEETINGS

The committee currently consists of three non-executive directors, two of whom are independent including the Chairman. The committee is chaired by Dato' Seri Ismail Farouk Abdullah and the other members are Datuk M. Supperamaniam and Mr Tan Yew Jin.

The committee met four times in 2008. Detailed written agendas are prepared and distributed to committee members in advance of each meeting to allow proper consideration of enclosed reports. While the executive directors and senior management are normally invited to attend the meetings, the external and internal auditors may have private discussions with the members of the committee. The committee reports its conclusions and recommendations to the Board on a quarterly basis and the minutes of the committee meetings are made available to the full Board. The record of attendance of each member at the committee meetings is set out in the table below.

| NAME OF MEMBER                                                                      | TOTAL ATTENDANCE |

- p. perform other duties as directed by the Board of Directors.

### INTERNAL AUDIT FUNCTION

Internal audit plays a critical role in the objective assessment of the Group's business processes and the provision of assurance. The Audit Committee of the Board is assisted by the Internal Audit Department ("IAD") of the Company's ultimate holding company. The role of the IAD is to perform independent reviews, monitor, and ensure compliance with the Group's policies, procedures and systems of internal control. The IAD reports to the Audit Committee of the Board regarding the effectiveness of risk and control management, and also recommends improvements in controls.

## C O R P O R A T E   S O C I A L   R E S P O N S I B I L I T Y

As a responsible corporate citizen, we are fully committed to sound principles of Corporate Social Responsibility (CSR). CSR is integral to the way we conduct our business and underpins our long-term growth strategy. We strive to build on our CSR programme and initiatives, which aim for high standards of social and environmental business practices across our operations.

We place a strong focus on engagement with our stakeholders at all levels including employees, customers, shareholders, and the local communities. We also continue to work closely and participate in extensive dialogue with local authorities and government bodies at both national and local levels on environment-related issues to deliver common goals and objectives.

Each of our hotel properties has a formalised CSR committee, comprising members of senior management. The role of each committee is to oversee the ongoing development and implementation of the Group's CSR policies and practices, as well as to monitor progress in the key areas of environmental management, employment, health and safety, community support, and supply chain management.

### THE ENVIRONMENT

We acknowledge our responsibilities for managing and reducing the impact that our business has on the environment, and are committed to making continuous improvements in environmental performance.

#### ISO 14001 Environmental Management System

Our hotels have made considerable strides over the past years in the continued development of their environmental management systems for the protection of the environment. This has resulted in all of our hotels having attained ISO 14001 accreditation, an international standard of environmental management intended to assist organisations to achieve environmental goals. In January 2009, Rasa Sayang Resort obtained re-certification following the completion of its major redevelopment exercise.

#### Energy and Water Efficiency, Waste Management

Significant investment has been made in initiatives to improve efficiency in the use of resources including energy and water throughout the Group.

Most of our hotels have completed a programme to replace low efficiency chillers with new environmentally friendly CFC-free high efficiency chillers. Shangri-La Hotel Kuala Lumpur has converted to the use of natural gas boilers in all kitchen areas aimed at achieving improved air quality. Rasa Sayang Resort has switched from using diesel burning boilers to heat pumps to reduce both diesel fuel consumption and emissions, and in 2009 will be replacing both its chillers with new CFC-free chillers. Meanwhile, Rasa Ria Resort is currently studying the viability of using solar energy as an alternative energy source for outdoor lighting.

To further enhance energy efficiencies, all of our hotels have installed electronic control systems and high efficiency lighting in guestrooms. High efficiency lighting has also been installed in certain public areas.

Several measures have been introduced to reduce water usage such as the installation of "constant flow constant pressure" water saving devices at selected hotel areas. Sub-meters have been installed throughout the hotels to monitor and measure energy and water consumption, and to enable the setting of targets for further improvement.

Our hotels continue to explore opportunities to improve their waste management programmes through the recycling of waste such as glass bottles, paper, plastics, metals and used cooking oil. Increased efforts are also being made to ensure that the majority of cleaning materials used by our hotels are biodegradable.

### Conservation and Biodiversity

To protect and enhance conservation of the natural environment, Rasa Ria Resort in Sabah has dedicated 64 acres of its forested hills to a nature reserve. This nature reserve is home to various species of birds and small animals and an abundance of indigenous flora.

In collaboration with the Sabah Wildlife Department, abandoned baby orangutans are rehabilitated in the nature reserve under the care of the resort's trained forest rangers. In 2008, seven orangutans were successfully rehabilitated and moved to the next stage of the programme for eventual release into the wild, bringing the total number of rehabilitated orangutans to twenty-six since 1996.

The Nature Interpretation Centre at the resort, which opened in 2005, features facilities such as a veterinary clinic, an animal food preparation kitchen, a nocturnal watch area, a reference library and a number of nature trails. Rasa Ria Resort's nature reserve and its supporting facilities aim to raise greater environmental awareness and at the same time provide an enriching educational experience for visitors, the local communities and students from all around Sabah. In 2008 there were 16,588 visitors, bringing the total number to 194,588 visitors since the nature reserve opened in 1996. In 2009, to further enhance the visitors' experience, a canopy walkway will be constructed and improvements carried out to the nature trails and the nocturnal watch area.

In early March 2009, Golden Sands Resort launched a *Save the River Campaign in Batu Feringgi* to clean up and rehabilitate the nearby *Sungai Emas*. This project uses EM (Effective Microorganism) biotechnology, more commonly known as *mud balls*. The mud ball is made of decomposed organic waste and is used as a bio-active compound to improve soil and water quality. The hotel is working closely with EM Admins, a biotechnology organisation on this project.

In support of the Turtle Conservation Centre managed by the Penang State Fisheries Department, Rasa Sayang Resort will be launching a *Save the Turtles Campaign* in 2009 to raise funds for the Centre through the sale of specially designed merchandise to hotel guests and the local community. The merchandise will include t-shirts, fridge magnets and soft toys using a turtle motif.

The proceeds will help fund the Centre's turtle education programme, its research and observation efforts, its in-situ and ex-situ hatching programme, and its R&D programme. The Centre has recorded turtle landings since 1990 at three main beaches, all located within the sanctuary of the Penang National Park.

### EMPLOYEES

Our employees are central to the continued success of our business and our reputation for service excellence.

As a preferred employer, the Group operates a non-discriminatory employment policy, providing equal opportunities in all aspects of employment. We aim to recruit and retain employees through appropriate and competitive salary and benefits.

The Group has a comprehensive set of policies that embody its approach to employees and establish a framework for high standards of ethical behaviour and values. The Group's human resource policies and procedures covering various areas are regularly reviewed to keep abreast of industry benchmarks and best practices.

#### The Workplace and People Development

The Group endeavours to provide a working environment that fosters the continuous development and motivation of employees at all levels to enable them to maximise their full potential and capabilities within the organisation. The Group supports and encourages internal promotion.

## C O R P O R A T E   S O C I A L   R E S P O N S I B I L I T Y

The Group hotels operate a wide range of service and functional skills training activities for all levels of employees, including training programmes to develop and improve the management and leadership skills of top talent and high potential employees. Every hotel employee is required to undergo the Group's service culture training through the Shangri-La Care Programme to ensure the delivery of consistently high levels of customer service in all areas of operations.

Each of the Group hotels has dedicated training facilities to conduct internal training courses for its employees and, employees also participate in a range of external training and development programmes. The Group has in place three core development programmes for managerial employees with high potential, namely the corporate management trainee programme, the corporate executive trainee programme and the corporate trainee program.

The Group also provides opportunities for select employees to attend training at the Shangri-La Academy in China through its certificate, diploma and management development programmes. In 2008, a total of 24 employees from the Group's hotels and resorts attended the Academy.

Employee feedback and suggestions are encouraged through our staff opinion surveys, speak up programmes, team meetings and two-way dialogue sessions. Employees are kept fully informed of business developments through a variety of communication channels.

### HEALTH AND SAFETY

The Group places paramount importance on the health and safety of all its employees, customers and the general public.

We are committed to delivering high standards in health and safety matters across all aspects of our operations to ensure a safe and secure environment. All employees receive full training on a regular basis on health and safety awareness covering fire, security, food safety, hygiene and sanitation.

Our health and safety policies and procedures promote a strong safety culture and encourage good practice, as well as compliance with all applicable laws and regulations. Annual internal audits are conducted throughout the Group hotels to ensure that the health and safety management systems are properly implemented and maintained.

#### Food Safety

Our hotels place a strong emphasis on ensuring the highest level of food safety and managing food safety risks under the stringent Shangri-La Food Safety Management System (SFSMS).

The SFSMS is a fully comprehensive system covering the receiving, preparing, cooking and serving of food items and safeguards against the cross contamination of products. This system is regularly reviewed to ensure that it remains effective and complies with all regulatory requirements. Each hotel has a qualified hygienist responsible for monitoring the implementation of food safety.

More significantly, three of our hotels and resorts have now attained HACCP (Hazard Analysis and Critical Control Point System) certification, namely Shangri-La Hotel Kuala Lumpur in 2006, Rasa Sayang Resort in 2008, and Rasa Ria Resort in January 2009. HACCP is a global food safety standard system and is one of the most sought-after accreditations in the hospitality industry. Rasa Sayang Resort is the first hotel in Penang to attain this certification, and Traders Hotel Penang is working towards obtaining HACCP certification by 2010.

### OHSAS 18001 Occupational Health and Safety Management System

In addition to the HACCP certification, Shangri-La Hotel Kuala Lumpur is also OHSAS 18001-certified, reflecting its commitment to maintaining and improving a healthy and safe work environment. OHSAS 18001 is an international occupational health and safety management system specification, which helps organisations to control and manage high potential occupational health and safety hazards and risks associated with their business activities.

### THE COMMUNITY

We are conscious of our responsibility to act as a good corporate citizen and encourage our hotels to engage with the local communities in their areas of operation.

Our hotels bring positive economic benefits through employment opportunities and provide significant training support for developing the capabilities of many locals so as to groom them for senior roles.

All the Group hotels provide practical training on various aspects of hotel operations for students from local Institutes of Higher Learning. In Sabah, Rasa Ria Resort works closely with the human resources department of the State Ministry of Human Resources to provide a hotel attachment training programme for both graduates and school leavers. At the same time, Traders Hotel Penang has been supporting the *Young Enterprise Programme* since 2002, a joint initiative with the American Chamber of Commerce to assist students from local government schools to gain knowledge of business planning and operations.

Our hotels are involved in a wide range of initiatives for the benefit of the local communities through the active involvement of our employees in beach cleaning, visits to hospitals, orphanages, homes for old folks and the blind, and through annual blood donation campaigns. They also support local communities through fundraising and sponsorship activities for charities and make donations in kind such as blankets, towels, linen, used uniforms and furniture.

In August 2008, Rasa Sayang Resort hosted a *Go Green Batu Feringgi* gotong-royong beach cleaning project in conjunction with International Coastal Cleanup Day 2008. Over 800 participants from various community associations in Penang including volunteers from Intel Malaysia, Golden Sands Resort and several other hotels within the Batu Feringgi area were involved, making this one of the largest gotong-royong beach cleaning initiative held in Penang during the year.

Rasa Sayang Resort also supports Resource & Education for Autistic Children (REACH), a Penang-based charity organisation, by purchasing turtle fridge magnets hand-painted by the children from the REACH Centre. The fridge magnets will be sold by the hotel as part of its *Save the Turtles Campaign* in 2009.

For many years, Shangri-La Hotel Kuala Lumpur's annual fund raising initiative, the *Save-A-Life-Charity Project* has benefited many less fortunate children who are in urgent need of critical life saving medical treatment and artificial limbs. Golden Sands Resort, meanwhile, helped raise funds through its Christmas Tree charity project for the Eden Handicap Service Centre, a Penang-based charity centre which provides practical training for the disabled to acquire basic skills to support themselves.

In 2009, Rasa Sayang Resort will be conducting a Fire Life Safety Awareness programme to educate school children on safety procedures in the event of a fire at their schools. The programme will also cover fire prevention and proper emergency and evacuation procedures. Two schools from surrounding areas have been selected namely *Sekolah Menengah Kebangsaan Hamid Khan* and *Sekolah Rendah Jenis Kebangsaan (Cina) Pai Chai*.

## C O R P O R A T E   S O C I A L   R E S P O N S I B I L I T Y

In addition to these initiatives, the Group makes corporate donations to national fundraising campaigns for emergency relief for the victims of natural disasters such as the Tsunami Humanitarian Fund in 2004 and the Natural Disaster Aid Fund Trust for the Johor flood victims in 2006. In 2008, a donation drive amongst the employees of the Group was undertaken to raise funds for the staff of Traders Hotel Yangon and their families who were affected by cyclone *Nargis*.

### SUPPLY CHAIN

We acknowledge that much social and environmental impacts is derived from activities in our supply chain. We therefore continually seek ways and identify opportunities to enhance environmental standards in the supply chain.

Our hotels provide CSR guidelines to their major suppliers and procedures are in place to monitor implementation. Compliance with CSR guidelines and performance is monitored through scheduled and unannounced site visits to suppliers' premises. Where supplier audits show shortcomings, a programme of improvement is encouraged for implementation leading to compliance.

Demonstrating our commitment to a sustainable supply chain, Rasa Ria Resort in Sabah continues to work closely with its major suppliers to reduce the quantity and improve the environmental quality of packaging materials used in delivery. At the same time, our hotels in Penang assist their local poultry and seafood suppliers in the effective implementation of HACCP, and one of the suppliers successfully attained certification in 2008.

Other than as disclosed above, none of the Directors held any shares as at 31 December 2008, nor acquired or disposed any shares during the course of the year, in any other related corporations of the Company.

### DIRECTORS' BENEFITS

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors as shown in the financial statements) by reason of a contract made by the Company or a related corporation with a Director or with a firm of which a Director is a member, or with a company in which a Director has a substantial financial interest.

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate other than the share options granted by the ultimate holding company to certain Directors of the Company.

## D I R E C T O R S ' R E P O R T

FOR THE YEAR ENDED 31 DECEMBER 2008

### OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- i all known bad debts have been written off and adequate provision made for doubtful debts, and
- ii all current assets have been stated at the lower of cost and net realisable value.

At the date of this report, the Directors are not aware of any circumstances:

- i which would render the amount written off for bad debts, or the amount of the provision for doubtful debts, in the Group and in the Company inadequate to any substantial extent, or
- ii which would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv not otherwise dealt with in this report or in the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- i any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, other than the charge recognised in the income statement of the Group for certain asset write-offs associated with the major renovation programme at Shangri-La Hotel Kuala Lumpur as disclosed in Note 17 to the financial statements, the results of the operations of the Group and of the Company for the financial year ended 31 December 2008 have not been substantially affected by any item, transaction or event of a material and unusual nature.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report, which would affect substantially the results of the operation of the Group or of the Company for the financial year in which this report is made.

# INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SHANGRI-LA HOTELS (MALAYSIA) BERHAD

## REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Shangri-La Hotels (Malaysia) Berhad, which comprise the balance sheets as at 31 December 2008 of the Group and of the Company, and the income statements, statements of changes in equity and cash flow statements of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 59 to 100.

### Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as of 31 December 2008 and of their financial performance and cash flows for the year then ended.

TO THE MEMBERS OF SHANGRI-LA HOTELS (MALAYSIA) BERHAD

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- a. In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- b. We are satisfied that the accounts of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- c. Our audit reports on the accounts of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

## OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

## 1. BASIS OF PREPARATION

### a. Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with Financial Reporting Standards (FRSs), accounting principles generally accepted in Malaysia and the provisions of the Companies Act, 1965 in Malaysia. These financial statements also comply with the applicable disclosure provisions of the Listing Requirements of the Bursa Malaysia Securities Berhad.

For the financial year ended 31 December 2008, the Group and the Company have adopted the following revised and amended FRSs issued by the Malaysian Accounting Standards Board (MASB), which are relevant to their operations.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

FRS 107, *Cash Flow Statements*

FRS 112, *Income Taxes*

FRS 118, *Revenue*

FRS 121, *The Effects of Changes in Foreign Exchanges Rates*

FRS 134, *Interim Financial Reporting*

FRS 137, *Provisions, Contingent Liabilities and Contingent Assets*

There have been no changes to the accounting policies of the Group and the Company as a result of adopting the FRSs mentioned above.

The Group and the Company have not applied the following accounting standards and interpretations that have been issued by the MASB, which are relevant to their operations, but are not yet effective:

| <b>FRSs/Interpretation</b>                                              | <b>Effective Date</b> |
|-------------------------------------------------------------------------|-----------------------|
| FRS 7, <i>Financial Instruments: Disclosures</i>                        | 1 January 2010        |
| FRS 8, <i>Operating Segments</i>                                        | 1 July 2009           |
| FRS 139, <i>Financial Instruments: Recognition and Measurement</i>      | 1 January 2010        |
| IC Interpretation 10, <i>Interim Financial Reporting and Impairment</i> | 1 January 2010        |

The Group and the Company will apply the abovementioned FRSs/Interpretations from the annual period beginning 1 January 2010.

The impact of applying FRS 7 and FRS 139 on the financial statements upon first adoption as required by paragraph 30(b) of FRS 108, *Accounting Policies, Changes in Accounting Estimates and Errors* is not disclosed by virtue of the exemptions given in the respective FRSs. The initial application of FRS 8 and IC Interpretation 10 are not expected to have any material impact on the financial statements of the Group and the Company.

### **b. Basis of measurement**

The financial statements have been prepared on the historical cost basis except for investment properties as explained in Note 2(e).

### **c. Functional and presentation currency**

These financial statements are presented in Ringgit Malaysia (RM), which is the Company's functional currency. All financial information presented in RM has been rounded to the nearest thousand, unless otherwise stated.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### d. Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amount recognised in the financial statements other than those disclosed in Note 5 – Valuation of Investment Properties.

## 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, and have been applied consistently by Group entities, unless otherwise stated.

### a. Basis of consolidation

#### i SUBSIDIARIES

Subsidiaries are entities, including unincorporated entities, if any, controlled by the Group. Control exists when the Group has the ability to exercise its power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account.

Subsidiaries are consolidated using the purchase method of accounting except for UBN Holdings Sdn Bhd, which was acquired prior to 1 January 2006, is consolidated using the merger method of accounting.

Under the purchase method of accounting, the results of subsidiaries acquired or disposed during the year are included from the date of acquisition or up to the date of disposal. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the consolidated financial statements. The difference between the acquisition cost and the fair values of the subsidiaries' net assets is reflected as goodwill or negative goodwill as appropriate. Negative goodwill is recognised immediately in the income statement.

Under the merger method of accounting, the results of subsidiaries acquired are accounted for on a full year basis irrespective of the date of merger. The difference between the cost of acquisition and the nominal value of the share capital and reserves of the subsidiaries is taken to merger reserve (or adjusted against any suitable reserve in the case of debit differences).

Investments in subsidiaries are stated in the Company's balance sheet at cost less impairment losses.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### ii ASSOCIATES

Associates are entities, including unincorporated entities, in which the Group has significant influence, but not control, over the financial and operating policies.

Associates are accounted for in the consolidated financial statements using the equity method. The consolidated financial statements include the Group's share of the income and expenses of the equity accounted associates, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

When the Group's share of losses exceeds its interest in an equity accounted associate, the carrying amount of that interest (including any long-term investment and receivables) is reduced to nil and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee.

Interests in associates are stated in the Company's balance sheet at cost less impairment losses.

### iii MINORITY INTEREST

Minority interest at the balance sheet date, being the portion of the net identifiable assets of subsidiaries attributable to equity interests that are not owned by the Company, whether directly or indirectly through subsidiaries, are presented in the consolidated balance sheet and statement of changes in equity within equity, separately from equity attributable to the shareholders of the Company. Minority interest in the results of the Group are presented on the face of the consolidated income statement as an allocation of the total profit or loss for the year between minority interest and the shareholders of the Company.

Where losses applicable to the minority exceed the minority's interest in the equity of a subsidiary, the excess, and any further losses applicable to the minority, are charged against the Group's interest except to the extent that the minority has a binding obligation to, and is able to, make additional investment to cover the losses. If the subsidiary subsequently reports profits, the Group's interest is allocated with all such profits until the minority's share of losses previously absorbed by the Group has been recovered.

### iv TRANSACTIONS ELIMINATED ON CONSOLIDATION

Intra-group balances, transactions and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### **b. Foreign currency**

#### **i FOREIGN CURRENCY TRANSACTIONS AND BALANCES**

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies are translated at exchange rates at the dates of the transactions except for those that are measured at fair value, which are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in the income statements.

#### **ii OPERATIONS DENOMINATED IN FUNCTIONAL CURRENCIES OTHER THAN RINGGIT MALAYSIA**

The assets and liabilities of operations in functional currencies other than RM, including goodwill and fair value adjustments arising on acquisition, are translated to RM at exchange rates at the balance sheet date. The income and expenses of operations in functional currencies other than RM are translated to RM at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in translation reserve. On disposal, accumulated translation differences are recognised in the consolidated income statement as part of the gain or loss on sale.

#### **iii NET INVESTMENT IN FOREIGN OPERATIONS**

Exchange differences arising from monetary items that in substance form part of the Company's net investment in foreign operations, are recognised in the Company's income statement. Such exchange differences are reclassified to equity in the consolidated financial statements. Deferred exchange differences are recognised in the consolidated income statement upon disposal of the investment.

### **c. Property, plant and equipment**

#### **i RECOGNITION AND MEASUREMENT**

Items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour and, for qualifying assets, borrowing costs are capitalised in accordance with the Group's accounting policy. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within “other operating income” or “other operating expense” respectively in the income statements.

### ii SUBSEQUENT COSTS

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the income statement as incurred.

### iii DEPRECIATION

Depreciation is recognised in the income statement on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Freehold land is not depreciated. Renovation and contract in-progress are not depreciated until the assets are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

|                                         |                                                   |
|-----------------------------------------|---------------------------------------------------|
| • Hotel buildings and other buildings   | Lower of underlying land lease period or 50 years |
| • Integral plant and machinery          | 6.67% (15 years)                                  |
| • Golf course and its related buildings | 1.67% (60 years)                                  |
| • Furniture, fixtures and equipment     | 5% to 25% (4 to 20 years)                         |
| • Motor vehicles                        | 20% (5 years)                                     |

The initial cost of operating equipment is capitalised and amortised between five (5) to twenty (20) years, and subsequent replacements are written off to the income statement as and when incurred.

Depreciation method, useful lives and residual values are reassessed at the balance sheet date.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### d. Leased assets

#### OPERATING LEASE

Leases, where the Group does not assume substantially all the risks and rewards of the ownership are classified as operating leases and, except for property interest held under operating lease, the leased assets are not recognised on the Group's balance sheet.

Leasehold land that normally has an indefinite economic life and title is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as prepaid lease payments.

Payments made under operating leases are recognised in the income statements on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

### e. Investment properties

#### i INVESTMENT PROPERTIES

Investment properties are properties which are owned to earn rental income or for capital appreciation or for both. These include land held for a currently underdetermined future use. Properties that are occupied by the companies in the Group are accounted for as owner-occupied rather than as investment properties.

Investment properties are measured initially at cost and subsequently at fair value with changes therein recognised in the income statement.

#### ii RECLASSIFICATION TO / FROM INVESTMENT PROPERTY

When an item of property, plant and equipment is transferred to investment property following a change in its use, any difference arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognised directly in equity as a revaluation of property, plant and equipment. However, if a fair value gain reverses a previous impairment loss, the gain is recognised in the income statements. Upon disposal of an investment property, any surplus previously recorded in equity is transferred to retained earnings; the transfer is not made through the income statements.

#### iii DETERMINATION OF FAIR VALUE

An external independent firm of professional valuers, having appropriate recognised professional qualifications and recent experience in the location and category of property being valued, values the Group's investment properties portfolio every year. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### **f. Inventories**

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the weighted average cost and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

### **g. Trade and other receivables, prepayments and deposits**

Receivables are initially recognised at their cost when the contractual right to receive cash or another financial asset from another entity is established.

Subsequent to initial recognition, receivables are stated at cost less allowance for doubtful debts.

Receivables are not held for the purpose of trading.

### **h. Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in value. For the purpose of the cash flow statement, cash and cash equivalents are presented net of bank overdrafts.

### **i. Impairment of assets**

The carrying amounts of assets except for financial assets, inventories, deferred tax assets and investment properties that are measured at fair value are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### i. Impairment of assets (cont'd)

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the income statements. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (groups of units) on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to the income statements in the year in which the reversals are recognised.

### j. Borrowings

Borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings using the effective interest method.

### k. Employee benefits

#### i SHORT-TERM EMPLOYEE BENEFITS

Short-term employee benefit obligations in respect of salaries, annual bonuses and paid annual leave are measured on an undiscounted basis and are expensed as the related service is provided.

The Group's contribution to the statutory pension funds are charged to the income statements in the year to which they relate. Once the contributions have been paid, the Group has no further payment obligations.

#### ii DEFINED BENEFIT PLANS

Certain companies in the Group provide retirement benefits for its unionised employees in accordance with Collective Union Agreement, which is operated on an unfunded defined benefit.

The Group's net obligation in respect of defined benefit retirement plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods and that benefit is discounted to determine the present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The discount rate is the yield at the reporting date on high quality corporate bonds that have maturity dates approximating the terms of the Group's obligations. In calculating the Group's obligation in respect of a scheme, to the extent that any cumulative unrecognised actuarial gain or loss exceeds ten percent of

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

the greater of the present value of the defined benefit obligation, that portion is recognised in the income statement over the expected average remaining working lives of the employees participating in the scheme. Otherwise, the actuarial gain or loss is not recognised. The calculation is performed by an independent qualified actuary using the projected unit credit method at least once in every three (3) years. The latest actuarial valuation was carried out as at 31 December 2006.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense in the income statement on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognised immediately in the income statement.

### **l. Provisions and contingent liabilities**

#### **i PROVISIONS**

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

#### **ii CONTINGENT LIABILITIES**

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Where the Company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its Group, the Company treats the guarantee contract as a contingent liability until such time as it becomes probable that the Company will be required to make a payment under the guarantee.

### **m. Trade and other payables and accruals**

Payables are measured initially and subsequently at cost. Payables are recognised when there is a contractual obligation to deliver cash or other financial asset to another entity.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### **n. Revenue recognition**

#### **i HOTEL AND GOLF OPERATIONS**

Revenue from the provision of rooms, food and beverage, other departments sales, laundry service fees and golf related income are recognised when services are rendered.

#### **ii LAUNDRY SERVICES**

Revenue from the provision of laundry services by non-hotel operations is recognised when services are rendered.

#### **iii RENTAL INCOME**

Rental income from investment properties is recognised in the income statement on a straight-line basis over the term of the lease.

#### **iv DIVIDEND INCOME**

Dividend income from subsidiaries is recognised when the right to receive payment is established.

### **o. Interest income and borrowing costs**

Interest income is recognised as it accrues, using the effective interest method.

All borrowing costs are recognised in the income statement using the effective interest method, in the period in which they are incurred, except to the extent that they are capitalised as being directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to be prepared for its intended use.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

### **p. Tax expense**

Tax expense comprises current and deferred tax. Tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill and the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit (tax loss). Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Unutilised investment tax allowances are treated as tax base of assets and are recognised as a reduction of tax expense as and when they are utilised.

### q. Earnings per share

The Group presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

### r. Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

\* The results of these companies are based on unaudited financial statements for the years ended 31 December 2008 and 31 December 2007.

The Group's interest in TYCL, SYCL and TSCL are held via its wholly-owned subsidiary, Madarac Corporation.

The loans to associates, namely TYCL, SYCL and TSCL are unsecured and repayable on demand, provided that such demand is made by shareholders holding not less than 51% interest in the respective associates. As at 31 December 2008, balances of RM66,302,000 (2007 – RM63,319,000) of the loans to associates are interest free and the remaining balances bear interest ranging between 2.49% to 5.22% (2007 – 2.50% to 5.43%) per annum. The loan interest income has not been recognised in the financial statements as the recoverability of the loan interest income is remote and it is prudent to recognise the loan interest income on a cash basis.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

On 1 May 2005, the Company completed the disposal of its entire 30% equity interest in Johdaya Karya Sdn Bhd ("Johdaya Karya") to Reco City Square JB Sdn Bhd for a total cash consideration of RM39,366,000. The said disposal resulted in a gain of RM18,621,000 for the Group and RM23,166,000 for the Company. The Group and the Company have recognised a gain of RM12,191,000 and RM16,736,000 respectively in the income statements for the year ended 31 December 2005. The remaining balance of the gain of RM6,430,000 for the Group and the Company will be recognised as operating income over the next three (3) consecutive years commencing from the date of completion, subject to Johdaya Karya achieving certain minimum levels of EBITDA for each of the respective years in accordance with the terms of the Sale & Purchase Agreement. In the current financial year ended 31 December 2008, the Company has recognised the third and final year gain of RM3,858,000 (2007 – RM1,286,000).

### 8. PROPERTY DEVELOPMENT EXPENDITURE

The property development expenditure of the Group represents development expenditure incurred by certain subsidiaries. Included in property development expenditure is interest capitalised amounting to RM4,142,000 (2007 – RM4,142,000).

### 9. DEFERRED TAX ASSETS AND LIABILITIES

#### Recognised deferred tax assets and liabilities

The amounts, determined after appropriate offsetting, are as follows:

|                          | GROUP          |                | COMPANY        |                |

#### Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following items:

|                                            | GROUP   |        |
|--------------------------------------------|---------|--------|

|                                            | RM'000  | RM'000 |
| (Taxable)/Deductible temporary differences | (1,177) | 257    |
| Unabsorbed capital allowances              | 6,835   | 5,290  |
| Unutilised tax losses                      | 11,875  | 11,832 |
|                                            | 17,533  | 17,379 |
| Deferred tax assets at 25% (2007 - 26%)    | 4,383   | 4,519  |

The taxable/deductible temporary differences do not expire under current tax legislation. Deferred tax assets have not been recognised in respect of these items because it may not be probable that future taxable profit will be available against which the Group can utilise the benefits there from.

Subject to agreement by the Inland Revenue Board, the Group has unutilised investment tax allowances of approximately RM85,162,000 (2007 - RM102,790,000), which are available to be offset against future taxable income. The unutilised investment tax allowances have not been recognised as deferred tax assets in the Group's financial statements.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### 25. FINANCIAL INSTRUMENTS

Exposure to credit, interest rate and currency risks arises in the normal course of the Group's business.

#### Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit facilities. The credit evaluation includes reviewing financial statements and information regarding the directors and bankers of these companies. Past histories with the companies will be considered and if necessary, reference checks are made. New companies requiring credit facilities are required to place adequate interest free deposits or provide a bank guarantee. The Group and the Company also require each and every reservation by a corporate customer to be supported by a letter of authorisation signed by an authorised signatory.

At balance sheet date, there were significant concentrations of credit risk in respect of loans granted to associates in the Union of Myanmar (Note 7). The maximum exposure to credit risk for the Group and for the Company is represented by the carrying amount of each financial asset.

#### Interest rate risk

The borrowings of the Group and of the Company as at balance sheet date comprise short-term borrowings, which are rolled over at short intervals of one (1) to three (3) months and term loans, which are repayable over various periods not exceeding five (5) years.

The Group and the Company monitor the interest rates of borrowings offered by the financial institutions on a monthly basis. The interest expense incurred are compared against the approved budget and reported to the Board of Directors ("the Board") and ultimate holding company.

Interest-bearing and interest-earning advances to or from subsidiaries are at fixed interest rates as determined by the management to be favourable to either party as compared to the prevailing commercial interest rate.

Excess funds are placed with licensed banks for certain periods during which the interest rates are fixed. The management reviews the rates at regular intervals.

#### Foreign currency risk

The Group and the Company incur minimal foreign currency sales, purchases and borrowings that are denominated in a currency other than Ringgit Malaysia. Hence, the Board considers this risk to be insignificant. As at balance sheet date, the Group and the Company have minimal foreign currency transactions.

## NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2008

### Fair values

The carrying amounts of cash and cash equivalents, trade and other receivables, prepayments and deposits, trade and other payables and accruals and short-term borrowings, approximate fair values due to the relatively short term nature of these financial instruments.

The Company provides corporate guarantee to a bank for credit facility extended to a subsidiary. The fair value of such corporate guarantee is not expected to be material as the probability of the subsidiary defaulting on the credit payment is remote.

It was not practicable to estimate the fair value of the Group's investment in unquoted shares due to the lack of comparable quoted market prices and the inability to estimate fair value without incurring excessive costs.

The fair values of other financial assets and liabilities, together with the carrying amounts shown in the balance sheets, are as follows:

### Estimation of fair values

Fair value is determined using estimated future cash flows discounted using market related rate for a similar instrument at the balance sheet date.

The interest rate used to discount estimated cash flows are as follows:

|                      | GROUP |      | COMPANY |      |
|----------------------|-------|------|---------|------|
|                      | 2008  | 2007 | 2008    | 2007 |
| Long-term borrowings | 4.1%  | 4.2% | 4.0%    | 4.2% |
